

While Iraq burns and the Bill of Rights has been repealed, the big political issue of the day appears to be what and when Dennis Hastert knew of Congressman Mark Foley's emails to teenage pages

It reminds us of another time when a politician's sexual adventures displaced all other news. Although CCN policy does not allow us to dwell obsessively on the sex lives of our leaders, we can't suppress a recollection that Monica was 23 when her "victimization" unleashed the righteous indignation of Congress.
