

You there in the back.

Mr. President, you campaigned on a platform of increased transparency in government, yet your administration is the most secretive in the nation's history. **What happened?**

As I said before, 35 years ago I could have been Trayvon Martin. I might add that there are a lot of guys in the CIA and the FBI who, 35 years ago, could have been George Zimmerman. **I didn't get to be where I am today by being confrontational.**

Thanks for your question. You can leave your press credentials at the door on your way out.
